Elden Ring sold under a million copies with a demo in the first week, and beat last year's billion-seller, Pokémon X, as the fifteenth-most downloaded game in all of Japan. The company's expectations for the game rose as high as 100 million units by early April of this year. Sega didn't release sales figures for Elden Ring, but they note that over 66 percent of the demo players played and enjoyed the game. The game was released on December 7th. Here's a quote from the game's producer: "With the vast atmosphere and three-dimensional world of Elden Ring, players can experience a drama created in the Lands Between that has never been put to RPG. The main story and many items will not be found in other games." Here's the full game description: "In the world between the lands, salvation is put in the hands of the one who can prove their strength in the face of darkness. No matter who it is, it is a matter of honor and bravery. Darkness is falling on the world, and from the darkness grows the beast monsters called lycanthropes. Those responsible for the recent incidents have dispersed, and the trail of the culprits ends in you. You must decide who to believe in, and what you will do at the risk of losing your own life." Elden Ring is a fantasy action RPG released in December 2015. By the end of 2015, gamers had purchased more than a million copies, the fifteenth most downloaded game in all of Japan. The game is set in the Lands Between, the area between the east and west where the Elder Gods, the gods of the east and the gods of the west, and the lands between are converging. In order to move along the path of fate, you will have to go through the Lands Between and take the role of a hero of the continent. A year has gone by, and an imprudent waylaying accident revealed an unexpected power, that of the Elden Ring. For those who wear the Ring, the feeling of bloodlust comes over the body, and the blood sacrifice of ordinary people is not a problem. At a time like this, right now, when the Elder Gods and the gods of the east and of the west are converging and holding a great battle, a new dynasty has formed. People begin to look up to the elders around them, and are traveling all over the continents. The world becomes a place where the people wish to live, and where they are ready to share their passion for life and wish to live. You can be the one who willingly takes up that role, becoming a Tarnished Hero.
